

GIS Usability Improvement Survey

This survey is intended to help determine how we can improve the overall usability of our web-based GIS application. It is not meant to be an avenue for reporting bugs. No identifying information will be collected unless you decide to include your email address for follow-up.

1. What do you use the GIS application for the most?

- ☐ Viewing existing content
- ☐ Adding or updating content
- ☐ Presenting the content in meetings

2. Please select individual functions which you feel you do the most with the GIS application:

- ☐ Downloading map data to a file
- ☐ Modifying geometry information from a tabular view
- ☐ Modifying map layer attributes, such as color or symbol style
- ☐ Searching for particular geometry objects
- ☐ Downloading files attached to geometry objects
- ☐ Adding geometry objects using the drawing tools
- ☐ Creating map "layouts"
- ☐ Performing bulk modification to geometries
- ☐ Modifying properties of geometry objects
- ☐ Searching for a particular address
- ☐ Performing a spatial search (by "control-click" on a geometry)
- ☐ Creating map layers by uploading files
- ☐ Modifying permission settings for layouts, services, or layers
- ☐ Attaching files to geometry objects
- ☐ Creating map layers and services "from scratch"
- ☐ Viewing tabular geometry information

3. Please indicate the extent to which you agree or disagree with the following statements

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree	N/A
I can easily access the functions of the application which I use the most	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
It is easy for me to find and learn new features of the application by myself	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I would like it if the application were specialized for use in meetings	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I feel confident about teaching others how to use the application	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
It is easy for me to understand what happens when I perform an action in the application	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I wish I could pay less attention to operating the application while presenting in a meeting	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The application is easy for me to operate while presenting in a meeting	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am able to perform my tasks efficiently with this application	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The general layout and navigation in the application make sense to me	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

4. How can we make the GIS application more efficient for you to use (aside from fixing reported bugs)?

5. How can we make the GIS application easier for you to use?

6. What is your age?

- ☐ 17 or younger
- ☐ 18-20
- ☐ 21-29
- ☐ 30-39
- ☐ 40-49
- ☐ 50-59
- ☐ 60 or older

7. What is your gender?

- ☐ Female
- ☐ Male
- ☐ Other (specify)

8. If you would be open to discussing your responses in greater detail, please enter your email address.
